First Time Out With The Stage Zero Dolly and MX2 DollyEngine

Submitted by andre on Sat, 06/23/2012 - 09:37

This hands-on video shows the basics of using the Dynamic Perception Stage Zero Dolly and MX2 DollyEngine.

If you're a new customer or thinking of buying one, you'll want to watch this! Several topics are covered, including using the system for basic video moves and shooting time-lapses using the continuous movement mode. We also introduce the tooth method, a rule of thumb for making time-lapse calculations easy.

After you've learned the basics of the system, you can learn about Shoot Move Shoot mode here: Dynamic Perception - Introduction to Shoot Move Shoot Mode [1]
