RamperPro tutorial - How to install the embedded firmware

Door andre op wo, 10/14/2015 - 10:00

It has never been so easy to upgrade the internal embedded firmware of the RamperPro. You don't need a PC or Mac to do this because all the required software can now be installed directly by the RamperPro advanced timelapse controller.

RamperPro tutorial - How to install the embedded firmware [1] from ElysiaVisuals [2] on Vimeo [3].
